International Regulators' Forum Holds Mid-Year Meeting in Houston, Texas

30 April 2018

The International Regulators' Forum (IRF) held its 2018 Mid-year Meeting today in Houston, Texas, in conjunction with the Offshore Technology Conference. The meeting was hosted by the Bureau of Safety and Environmental Enforcement and seven countries participated: Australia, Canada, Mexico, The Netherlands, Norway, the United Kingdom and the United States of America. Discussions highlighted status updates by the four working groups, safety alerts, and logistics for the 2018 Annual General Meeting and *Safety30* conference, which will be held in Aberdeen, Scotland, June 2018. For further information regarding the *Safety30* conference, please visit the website: <https://safety30.co.uk/>. For further information about the IRF, please visit the website: irffshoresafety.com.
