International Regulators' Forum Holds Mid-Year Meeting in Houston, Texas

1 May 2017

The International Regulators' Forum (IRF) held its 2017 Mid-year Meeting today in Houston, Texas, in conjunction with the Offshore Technology Conference. The meeting, hosted by the Bureau of Safety and Environmental Enforcement, was attended by representatives from eight countries: Australia, Brazil, Canada, the Kingdom of Denmark, Mexico, Norway, the United Kingdom and the United States of America. Discussions highlighted status updates by the four working groups and planning for the 2017 Annual General Meeting to be held in Copenhagen, Denmark, and the 2018 Offshore Safety Conference to be held in June 2018 in Aberdeen, Scotland. For further information regarding the IRF, please visit the website: irffshoresafety.com.
